EDUCATION

Rajkiya Engineering College

- Bachelor of Technology in Civil Engineering
SGPA: 9.14/10.0

Kannauj, Uttar Pradesh

Nov 2023 – June 2026

Government Polytechnic, BTEUP

- Diploma in Civil Engineering
Percentage: 81.87%

Shahjahanpur, Uttar Pradesh

Dec 2020 – May 2023

Dr. G.L. Kanojiya Public School

- Intermediate – Mathematics
Percentage: 80.40%

Shahjahanpur, Uttar Pradesh

Mar 2021 – Apr 2022

- High School
Percentage: 87.80%

Mar 2019 – Apr 2020

WORK EXPERIENCE & RESPONSIBILITY

Rajkiya Engineering College

Kannauj, Uttar Pradesh

Training & Placement Cell | Civil Coordinator

Current

- volunteered in more than +10 Placement Drives in College with a placement record of +85%.
- volunteered and organized more the +20 training programs including: FDPs (Faculty Development Program), IPR (Intellectual Property Rights), Accreditation Program on NAAC & NBA Teaching-Learning and Evaluation and students training programs.

Public Works Department

Shahjahanpur, Uttar Pradesh

B. Tech Internship | Full time

Jun 2025 – Jul 2025 | On Site

- Worked at Provincial Division
- Conducted site visits to assess existing conditions for Bridge construction and Drainage construction.

Diploma Internship | Full time

Jul 2022 – Aug 2022 | On Site

- Worked at Construction Division – I
- Road Construction and Quality assurance.

SKILLS & COMPETENCY

Skills	Project Management, Subject Matter Expertise, Technical Proficiency, Effective Communication, Team Management, UI/UX research, Web development, Graphic Designing, Structural Analysis, Site Supervision, Surveying, AutoCAD Drafting, RCC Design Fundamentals, Quality Assurance & Quality Control (QA/QC), Project Planning, Drainage & Bridge Construction, Estimation & Costing, Infrastructure Development.
Interests	2D/3D Graphic Designing, Photography.
Scripting	HTML, CSS, JavaScript, Matlab.
Soft skills	Communication, Collaboration, Presentation, Proficiency in design tools, Strong understanding of design principles, Research/interview skills, Self-management.

TOOLBOX

Tools	AutoCAD, STAAD Pro, Revit Architecture, Civil 3D, Primavera, SketchUp, Figma, Blender, Inkscape, Matlab, Photoshop, Premier Pro, Substance Painter, Clip Studio Paint, Adobe XD.
--------------	--

LANGUAGE

Hindi	Fluent - Native
English	Fluent - Professional Working Proficiency

PROJECT EXPERIENCE

Resonance-Avoidance Speed Control for Bridges

Jan 2026

- Developed a smart traffic–structure interaction framework to reduce bridge resonance caused by moving vehicular loads.
- Analysed bridge vibration behaviour using structural dynamics and moving load theory.
- Proposed dynamic vehicle speed regulation to avoid resonance zones and minimize dynamic amplification.
- Achieved simulated vibration reduction of 20–50%, improving bridge fatigue life and structural reliability.
- Introduced a scalable and cost-effective alternative to traditional structural retrofitting methods.
